

THE STATE OF EDUCATION

ENGAGEMENT IN THE NEW NORMAL

What teachers say is down:

STUDENT
ENGAGEMENT

SOCIAL/EMOTIONAL
WELLNESS

ABILITY TO THINK
CRITICALLY

How do you address this gap and focus on helping the whole child next year?

WELCOME TO

? WHAT IS QUEST?

QUEST is a classroom subscription that uses gaming concepts familiar to students, while developing their ability to think critically and solve problems. Every year, a new season is launched. Each season of QUEST contains 7 Episodes designed to be played over the course of the class semester.

4th to 12th Grade

12 to 36 students

Any subject

QUEST IS DESIGNED TO:

Increase engagement in the classroom

Incorporate gaming concepts to spark student interest in school, ignite a passion for learning, and empower Student Voice.

Develop students social and emotional wellness

Provide students with an ongoing experience that simulates the real world, improving their ability to work in teams, make tough decisions, and become more self-aware.

Ready students for career and college

Have students practice their creativity, communication, collaboration, and critical thinking skills while solving difficult challenges as a team.

SEASON 1 STORYLINE

QUEST's first Season opens with students waking up in a post-apocalyptic world where they are greeted by an artificial intelligence robot roleplayed by the teacher. Students discover that all adults have mysteriously disappeared, leaving a world of chaos where they must learn to survive on their own. Students will form teams in the classroom and make choices that will define what kind of survivors they will be.
